

Board Eligibility Policy

Residents entering otolaryngology training on or after July 1, 2013 will be termed board eligible upon successful completion of training. If these individuals do not become board certified by the end of the fifth annual exam cycle following residency completion, they are no longer termed board eligible.

Individuals who completed otolaryngology training before July 1, 2013 will be termed board eligible until January 1, 2019 by which time they must have become board certified.
